

Boys and Girls, Get Yourselves a Set of Skee Skates

More fun than a circus! FREE to you when you have secured but two subscriptions of six months each for THE SOUTH BEND NEWS-TIMES

Begin now. Don't let that neighbor boy or girl get ahead of you in getting the two subscriptions and a pair of these wonderful skates. Just two subscriptions and the skates are yours. No red tape. You handle no money. Simply get two people to agree to pay The News-Times carrier 20c per week for six months. They get the daily—morning or evening—and Sunday editions. Get the subscriptions, turn them over to the Circulation Department and the skates are yours. All right, let's Go!

Keeping the Children Happy in Out-of-Door Pleasures Means Health and Contentment!

SKEE-SLIDING brings "THE THRILLS" to the children and causes their young blood to tingle with PEP and VITALITY.

No More Wear and Tear On Shoes!—Slip on the SKEE-SKATES and "GO"! They save sole leather!

Skee-Skates ARE Shoe Savers—They are made of steel and last for years.

Any child can put them on "IN A JIFFY" over shoes and rubbers.

Can Be Used On Snow Or Ice—For "SKEEING" or SLIDING down snow covered hills in a standing position. THRILLS are only limited to height and length of hills. Length of Skee behind heel prevents falling backwards.

For Sliding On Frozen Ponds—A run on the bank for momentum, then a slide across the pond for 200 feet or more, is an exhilarating sport.

For Walking Up Icy Hills—The teeth are saw-tooth in shape and bite into the ice or snow preventing the backward slips which exhaust vitality so quickly.

Nothing to fix. No repairs. No sharpening bills.

A "Thrill Giver" Not A "Spill Giver"
